

NABIYA KHAN

B.Tech Computer Science & Engineering Student | Bengaluru, India

Email: _____ | Phone: _____

GitHub: github.com/nabiyakhan2202-alt | LinkedIn: _____

PROFILE

Motivated Computer Science & Engineering student with a growing foundation in programming, web development, databases, and software development tools. Interested in building practical projects, strengthening problem-solving skills, and learning new technologies.

EDUCATION

B.Tech – Computer Science & Engineering

Reva University

Bengaluru, India

TECHNICAL SKILLS

- **Programming:** C, C++, Python
- **Web:** HTML, CSS, basic web development
- **Database:** MySQL, SQL, database design and queries
- **Tools:** Git, GitHub, Visual Studio Code
- **Concepts:** Data structures fundamentals, programming fundamentals, computer organization, IoT fundamentals

PROJECTS

Personal Portfolio Website

Created a personal website to present profile information, skills, projects, and professional links using web technologies.

Heart Pulse Monitoring System

Arduino-based IoT project focused on monitoring heart pulse data and presenting the readings for a simple health-monitoring prototype.

Giftnique – Personalized Gifts Venture

College innovation and entrepreneurship project focused on personalized gift products and customer-oriented ideas.

GitHub Hello World – C

Created and maintained a C programming repository using Git and GitHub, including commits, README documentation, and SSH authentication.

COURSEWORK / AREAS OF INTEREST

- C and C++ programming
- Python fundamentals
- Web development
- Data structures
- Database management and SQL
- Git and GitHub
- IoT and embedded systems

STRENGTHS

- Willingness to learn and explore new technologies
- Practical, project-oriented learning

- Problem solving and debugging
- Teamwork and communication
